

Step up to a new way of managing maintenance

Senior Maintenance Surveyor

Chiswick, London W4 - £31,232 - £38,783 - Ref: 07/178

Here's a rare and exciting opportunity to join a progressive organisation that's fundamentally changing the service we provide our residents. This is a role ideally suited for an ambitious Trainee Surveyor or experienced Technician - from either within or outside the social housing sector - ready to make their next move up in their career.

Shepherds Bush Housing Association has responsibility for over 4000 homes across West London and has seen much change over the last few years. Nowhere is this more apparent than our move away from a conventional approach of managing maintenance to a full open book partnership with our term contractors. It will mean improved efficiency, better value for money and a better service to our residents.

With solid experience working in a building maintenance environment together with some specialist computer skills, you will need good organisational flair and the ability to communicate well both verbally and in writing. You must also be able to drive and have the use of a car.

In return, we offer excellent benefits including 25 days annual leave, flexitime, contributory pension scheme, interest free season ticket loan scheme and Luncheon Vouchers. We may consider job sharers - either with or without a partner.

Please ensure you quote the above Job Title and Job Reference. CVs will not be accepted. No Agencies please.

We particularly welcome applications from people with disabilities as they are currently underrepresented in our workforce. All applicants with a disability that meet the essential criteria for a job will be guaranteed an interview.
